## PROFESSIONAL EXPERIENCE

- Senior Software Engineer Consultant | TDP, Bochnia, Poland, Remote | December 2022 – Present**

One of customer was OrderYOYO. I played there a significant role in developing and designing innovative solutions to enhance the functionality and performance of the company's online food ordering platform, leveraging my expertise in the .NET Stack.

Technology stack: C#, .NET 6/7/8/9, .NET Framework, Web API, Azure, MS SQL Server, NoSQL, EF Core, Xunit.

- Senior Back-End Software Engineer | Beqom, Cracow, Poland, Remote | April 2024 – Present**

Developing and optimizing scalable back-end solutions for Beqom's compensation management platform. Collaborating with cross-functional teams to design robust APIs, enhance system performance, and ensure seamless integration with front-end services. Leading code reviews, mentoring junior developers, and driving the adoption of best practices in software development.

Technology stack: C#, .NET 6/8, Web API, Azure, PostgreSQL, NoSQL, EF Core, Mass Transit, Docker, XUnit, NSubstitute, TestContainers.

- **Senior / Lead Software Engineer | EPAM, Cracow, Poland, Hybrid | October 2019 – November 2022**

As a Senior and Lead Software Engineer at EPAM, I contributed my skills and expertise to projects serving esteemed clients such as Swiss Re and First American Corporation. I utilized C# to craft robust and efficient backend services, implemented RESTful APIs and integrated various third-party APIs.

Technology stack: C#, .NET 3/5/6, .NET Framework, Web API, Azure, MS SQL Server, PostgreSQL, EF Core.

- **Software Engineer | Elettric 80, Cracow, Poland | March 2018 – July 2019**

In Elettric 80, I played a key role in developing and optimizing software solutions to enhance automation and efficiency within the company's industrial systems. I was also responsible for delivering and running those solutions on clients' factories for example Algida factory in Italy or Dare Foods located in Canada.

Technology: C#, .NET Framework, WPF, WCF, WinForms, MS SQL Server, T-SQL, SQLite.

- **C# Programmer | Igloo, Stary Wiśnicz, Poland | May 2017 – December 2017**

At this position I was responsible for extending internal company systems to provide better support in production and working on adding new functionality of company ERP system (MS Axapta).

Technology: C#, .NET, WinForms, MS SQL Server, T-SQL.

- **IT & E-commerce Specialist | MAKRO F.H.U, Bochnia, Poland | September 2016 – May 2017**

I was mainly responsible for implementation and supporting new company e-shop using one of the popular frameworks, preparation of sales reports and visit statistic via Google Analytics and daily support user in IT field.

## EDUCATION

---

- **Master of Engineering in Computer Science | Cracow University of Technology | Cracow, Poland | 2017**
